

KS2 Geography Curriculum Mapping

<u>Year 3</u>	<u>Year 4</u>	<u>Year 5</u>	<u>Year 6</u>
<p><u>Locational Knowledge</u></p> <ul style="list-style-type: none"> Name and locate cities of the United Kingdom, Identify the position and significance of Equator. 	<p><u>Locational Knowledge</u></p> <ul style="list-style-type: none"> Name and locate counties and cities of the United Kingdom, Identify the position and significance of Northern Hemisphere, Southern Hemisphere, Arctic and Antarctic Circle. 	<p><u>Locational Knowledge</u></p> <ul style="list-style-type: none"> Locate the world's countries, using maps to focus on North and South America concentrating on their environmental regions, key physical and human characteristics. identify the position and significance of latitude, longitude, the Tropics of Cancer and Capricorn, the Prime/Greenwich Meridian and time zones (including day and night) Name and locate geographical regions and their identifying physical characteristics, key topographical features (including mountains and rivers). 	<p><u>Locational Knowledge</u></p> <ul style="list-style-type: none"> Locate the world's countries, using maps to focus on Europe (including the location of Russia) concentrating on their environmental regions, key physical and human characteristics, countries, and major cities. Name and locate geographical regions and their identifying human & physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time.
<p><u>Place Knowledge</u></p> <ul style="list-style-type: none"> Understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom. 	<p><u>Place Knowledge</u></p> <ul style="list-style-type: none"> Understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom. 	<p><u>Place Knowledge</u></p> <ul style="list-style-type: none"> Understand geographical similarities and differences through the study of human and physical geography of a region within North or South America 	<p><u>Place Knowledge</u></p> <ul style="list-style-type: none"> Understand geographical similarities and differences through the study of human and physical geography of a region in a European country.

<p><u>Human & Physical Geography</u></p> <ul style="list-style-type: none"> Physical geography, including: volcanoes and earthquakes. 	<p><u>Human & Physical Geography</u></p> <p>Describe and understand key aspects of:</p> <ul style="list-style-type: none"> Physical geography, including: climate zones, biomes and the water cycle. Human geography, including: types of settlement and land use. 	<p><u>Human & Physical Geography</u></p> <ul style="list-style-type: none"> Physical geography, including: climate zones, rivers and mountains. 	<p><u>Human & Physical Geography</u></p> <ul style="list-style-type: none"> Human geography, including: economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.
<p><u>Geography Skills & Fieldwork</u></p> <ul style="list-style-type: none"> Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied. Use fieldwork to observe, measure, record and present the physical features in the local area using a range of methods, including sketch maps, and digital technologies. 	<p><u>Geography Skills & Fieldwork</u></p> <ul style="list-style-type: none"> Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied. Use the four points of a compass, four-figure grid references, symbols and key to build their knowledge of the United Kingdom and the wider world. 	<p><u>Geography Skills & Fieldwork</u></p> <ul style="list-style-type: none"> Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied. Use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including graphs, and digital technologies. 	<p><u>Geography Skills & Fieldwork</u></p> <ul style="list-style-type: none"> Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied. Use the eight points of a compass, six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world.

Areas to develop: digital geog & fieldwork

Bold shows the extension of a single objective. E.g. What makes it different for your year group.
