

DISCOVERY

Reading:

We will continue to develop a range of skills linked to our topic:

- ✓ Inference, e.g. characters' feelings & actions.
- ✓ Prediction.
- ✓ Vocabulary skills, e.g. words in context.

Class Novel:

Romans on the Rampage
By Jeremy Strong

Julius Zebra: Rumble with the Romans
By Gary Northfield

Geography

Our focus will be on what volcanoes and earthquakes are and how they affect people where they are found.

History

We will be showing our understanding of events and periods by using the correct vocabulary. Using primary and secondary sources to retrieve information about Ancient Greece and Ancient Rome.

Science:

Forces-

Compare how objects move on different surfaces. Investigate how magnets behave with other magnets and materials.

Rocks-

Learning how rocks are formed. Recognise and identify different types of rock and understand how fossils are formed.

Writing:

Advert for a Gladiator. Have you got what it takes?

Narrative: Greek or Roman Myth

Character Description.

Explanation text- volcanoes.

French:

List members of our families and introduce our family by their name.

S&L:

Discussing ideas and opinions in all subjects.

Reflecting on ourselves.

Computing:

Using and creating a programme following a design. Creating a sequence of connected commands whilst implementing algorithms as codes.

Art

Creating art work inspired by volcanoes using 'hot' colours.

D&T

Design and make a product that can move inspired by the Trojan Horse.

PE with Mr Wood

Hockey

Continue to develop striking, dribbling and control skills with a variety of drills.

Dance

From copying and remembering simple dance moves, to performing our own series of movements inspired by extreme earth.

Music:

Begin to identify & recognise some instruments when listening to music and play a short melody from memory over the pulse.
