

A Little Bit About Us...

Hutchison Catering is an independent, family-run business delivering a refreshingly different range of catering services driven by our ethos of personal relationships and honest professionalism – we are not just another supplier.

Seasonal Menus

We are committed to providing nutritious food that children love and are proud to fuel their growth, learning & development. We work in partnership with our schools to produce tailored seasonal menus to suit pupils preferences.

Special Diets

We have a robust special diet procedure in place which allows us to safely cater for pupils with special dietary requirements. Each child will be provided with an individual menu in line with that provided to the rest of the school. Ask school office for a form.

Having Fun!

Bringing the classroom into the dining room, our Food Explorers concept will keep the children entertained and educated through out key points in the year. Events are planned throughout the academic year providing interactivity with new flavour discoveries, healthy eating and worldwide food facts. Our Nutritionist is also available to visit school and deliver assemblies and workshops on healthy eating & farm to fork topics.
